

# The Aminoff Prize Symposium 2024

The Royal Swedish Academy of Sciences has dedicated to award the **Gregori Aminoff Prize in Crystallography 2024 to Hao Wu**, Harvard Medical School, Cambridge, USA;

“For her discoveries by crystallography of the assembly mechanisms of large oligomeric signalling complexes in innate immunity, a paradigm-shifting concept in signal transduction.”

**Event is free and open to the public; Registration Required**

## Supramolecular Assemblies in Cell Biology

**VENUE:** Eva & George Klein-salen, Biomedicum, Karolinska Institutet, Solnavägen 9

**DATE:** 13.00–17.30 10 April, 2024

**13.00 Welcome remarks**

**13.05 Supramolecular complexes that drive innate immune defense** Aminoff Prize Laureate Hao Wu, Harvard Medical School, Cambridge, USA.

**14.00 Phase separation in cell physiology and disease**

Anthony Hyman, Max Planck Institute of Molecular Cell Biology and Genetics Dresden, Germany

**14.45 Spatially resolved single-cell genomics & cell atlas of the brain** Xiaowei Zhuang, Harvard University, Cambridge, USA.

**15.50. Starving the Cell to Death?** Nieng Yan – Tsinghua University, Beijing, China.

**16.35 Unlocking the secrets of heart muscle structure**

Stefan Raunser, Max Planck Institute of Molecular Physiology, Dortmund, Germany

**17.30 Summary and end of Symposium**
